

Hydrowood Table

Product Code: B6E8C7

POA

(Ex Tax & Delivery)

This stunning and unique hand-crafted wood table is made of Acacia Cedar. All wood used is reclaimed timber collected from the rainforests of Northern Australia. 100-year old wood is dried and then carved to the shape of a mangrove leaf. It is then appropriately treated and sealed for wet room use. The table has a super-soft mattress with a moulded face cradle, providing ease of access for the therapist- enhancing the massage whether the bather is face down or face up.
