Clodagh's clean lines combine with Oakworks® functionality to create this incredibly versatile addition to the treatment room. Versatile and compact, the furniture-grade Clodagh Trolley features space for an 18 qt hot stone warmer, a drawer with a lowered work shelf, and a full sized hot towel cabi! The innovative use of light and space is a hallmark of Clodagh's designs, often considered one of the many attributes that distinguish her work from others in her field. The Clodagh Trolley is a stunning example of this principle, saving valuable room space. And with its slide open top, pull out work area and rolling casters, this versatile and compact piece of spa furniture is as functional as it is beautiful. *Image shown with Ebony Mosaic & Natural Finish
