

STRATA™ COOL FACEPILLOW

new
2016

COOLING • COMFORTING • SOOTHING

Be the first to elevate your massage experience with the Strata Cool FacePillow. The proprietary removable cooling gel pad creates an immediate soothing sensation and dramatically reduces swelling and sinus pressure throughout the treatment. The innovative Strata Cool pad sits among luscious layers of our downy Cloudfill™ polygel blend and viscous memory foam to swaddle your client's face in a sea of tranquility. You can use with our patented Caress™ Self-Adjusting platform for a signature 5-star massage experience your clients will never forget.

FEATURES

- Strata pillow base cushion with proprietary Cloudfill polygel blend and viscous memory foam. With Marine grade Aqua upholstery for extra moisture protection
- Luxurious Natursoft™ upholstery with attractive double stitched cover for a soft feel
- Two removable, washable cooling gel pads

1 Freeze or chill your cool gel pad for 2 hours, prior to use.

2 Place on top of base Strata™ FacePillow (shown in white).

3 Pull the drape up through center of FacePillow

4 Cover the FacePillow and it's ready for use!

Two cool gel pads included
