URBAN VELVET with ALTA GUARD™ Treatment

WHAT IS ALTA GUARD™?

Alta Guard™ is a permanent fabric protection technology that lasts as long as the fabric itself and will not change the feel or color of the fabric. Alta Guard™ provides a combination of repellency of liquids and cleanability of liquids and oil-based fabric stains, and will not wear off or wash off. *Learn more at: <http://applied-textiles.com/alta/>*

The Oeko-Tex® global standard ensures that textiles meet strict human-ecological requirements and are environmentally safe and free of harmful substances.
